THREADS THAT BIND

Summertime means County Fair Time. I had the opportunity to judge clothing for the 4-H members enrolled in construction sewing. The articles that the members chose ranged from simple skirts, tote bags to suits and coats. What a joy it was to see young people of all ages interested in sewing their wardrobe.

I mentioned ASG to the other judges of Clothing Construction. They were interested and also were going to pass the word to other seamstresses. It is so nice to meet new people with the same love of sewing.

By now, you have received the summer issue of "Notions" in the mail. There are so many good articles. You may even recognize some mystery ASG members in the pages!!

I received a special request from the National ASG Headquarters. We have an updated list of "Special Offers" located in the "Member Only" section of our Web Site. Please take a look at it. The companies use the number of "hits" in determining if they will continue with special offers. Also, use the "Link" tab to find our advertisers for all the sewers needs. We want to continue to have all the good sponsors for our program. There is an article for MEMBERS ONLY on the last page of the "Notions" issue.

Retreat was a success again. We had new members, guests, and the regulars attend. Carol Weins provided all the good food. The next one will be October 30, and 31 at the Extension Center.

At the Spring Regional Meeting, we were encouraged to have Neighborhood Groups as part of the Chapter Organization. We now have 4 active ones. Find out the time and schedule of events in this newsletter. You may find one that spurs your interest. We will continue with the regularly monthly Chapter meetings as always. The Neighborhood Groups are just an extra bonus time to sew and learn with friends.

Be sure and check out our future programs. Anne St.Clair's workshop on bra construction is coming in October. The enrollment is in this letter. Let us all come out and learn from Ann. We are so lucky to have her here so close. She is becoming a busy woman traveling all over the U.S. with her teaching skills. We will have a report on the National ASG Convention by Julia Langel and Betty Brees along with 4-H style review participants for the August Meeting.

Please contact Betty Brees for positions on the CAB Board for 2008. She is head of the Nominating Committee. I am sure we have many talented members that would like to help make our Chapter a continued success.

Happy Sewing!!

SEWING CARAVAN**September 27, 2007****Tulsa & Broken Arrow, Oklahoma**

Do you know what time it is? It's time for a road trip. The "Sewing (Car) Caravan" will be leaving at 7:00 a.m. September 27, 2007 from the County Extension Center, 7001 W. 21st North.

This Road Trip is a one day event so the Car Caravan will be back in Wichita that evening. The first stop in Tulsa will be "The Farm" mall. At the mall there will be many choices of restaurants and shops to visit. The "B Sew Inn" is where the special sale fabric will be located, so that is a must see shop.

In Broken Arrow the stop is at a special fabric store that has quilt fabric on one side, fashion fabric on the other and a bead shop in front.

The cost for this event will be \$35.00 per person which will help cover the cost of gasoline, toll and other expenses. Contact Theresa Corle at (316) 689-6702 for more information or to volunteer to drive your car for this trip.

DON'T FORGET!**ASG September Meeting**

Don't forget to bring your "Quick & Easy" gift ideas to the September Meeting. These ideas will be presented at the meeting so we can pick some of them for mini-workshops. The mini-workshops will be held in November as the program for the General Meeting.

If anyone has an older machine that they are no longer using and is willing to donate it to the center, it would be greatly appreciated.

SEWING CARAVAN**November 8, 2007****Concordia, Kansas**

Road Trip! The "Sewing (Car) Caravan" will hit the road again on November 8, 2007. This time we will be heading to Concordia, Kansas. The "Sewing Caravan" will leave at 7:00 a.m. from the County Extension Center, 7001 W. 21st North, Wichita, Kansas. This is also a one day trip so the "Caravan" will be back in Wichita that evening.

In Concordia we will visit "Country Cousins" where you can find beautiful fabrics for both fashion and quilting. Next door is "Essentials" which is just full of unique gifts. Plus other highlights are in the making.

The cost for this event will be \$35.00 per person which will cover the cost of gasoline and other expenses.

WANTED!

Elections for the Wichita Chapter Advisory Board will be held on November 6, 2007, at the General Meeting. We are seeking volunteers to serve on the CAB for a one year term. The board is made up of five elected members (President, 1st Vice-President, 2nd Vice-President, Secretary, Treasurer) and a flexible number of appointed members, totaling an odd number. CAB members are expected to attend all CAB meetings (usually one a month).

ASG is a volunteer organization, it can not run without the help of its members. Contact Betty Brees at 316-838-3709, if you would like to fill one of the many volunteer positions.

Serger Facts and Tips

- Don't ever, ever, sew over pins!
- Always turn the hand wheel toward you.
- A serger can stitch over 1,500 stitches per minute.
- Overedge = overcast or edge finish/overlock = overcast + seam.
- The shorter the stitch length - greater the overcast coverage.
- You can serge in zippers.
- A serger has 2 sets of feet teeth.
- Differential feed (DF) should be set higher for stretchy fabrics.
- A higher DF means the front feed teeth pull fabric in faster than the rear.
- Tension dials: the lower the number - the less the pressure; 0 is no tension.
- Thread for the loopers can be anything that will go through the eyes.
- The stitch finger must be moved out of the way for a rolled edge.
- Change needles after every project.

SEPTEMBER

National Sewing Month

Proclamation 5368 - - National Sewing Month, 1985 September 27, 1985

A Proclamation by the President of the United States of America.

The sewing industry annually honors approximately fifty million people who sew at home and approximately forty million people who sew at least part of their wardrobes. Their initiative, creativity and self-reliance are characteristic of the people of our Nation.

The home sewing industry generates an estimated \$3,500,000,000 annually for the economy of the United States. Home sewing has enhanced career opportunities for many Americans in fields such as fashion, retail merchandising, design, pattern making, and textiles. Learning the art of sewing in the home or in elementary school home economics classes started many on careers in these fields. In recognition of the importance of home sewing to our Nation, the Congress, by Senate Joint Resolution 173, has designated the month of September 1985 as "National Sewing Month", authorizing and requesting the President to issue a proclamation in observance of this month. Now, Therefore, I, Ronald Reagan, President of the United States of America, do hereby proclaim September 1985 as National Sewing Month. I call upon the people of the United States to observe this month with appropriate ceremonies and activities.

In Witness Wherefore, I have hereunto set my hand this twenty-seventh day of September, in the year of our Lord nineteen hundred and eighty-five, and of the Independence of the United States of America the two hundred and tenth.

BOOK REVIEW

Dating Fabrics 2

A Color Guild 1950-2000

Eileen Jahnke Trestain

This informative and easy to use handbook should prove valuable whether you are a curious quilter, fashion sewer, a fabric collector, quilt collector, or an accomplished historian.

Dating Fabric 2 has over 1,000 fabric swatches—From poodle skirts of the 1950s to baby doll dresses of the 1990s, the fabric of everyday life are featured in this handy reference book.

There is a reproduction fabric guide which is an informative section on the fabrics from 1980 - 2000. This section helps you to narrow down a fabrics date and origin. Print swatches are shown actual size, with fabric lines and styles grouped by date and color. Dating divisions are highlighted by an informative history of each era.

The book's inner spiral binding makes the pages lie flat and makes it easier to compare photos to fabrics.

This book is the second book on dating fabrics written by Eileen Trestain, the first book covered the dates 1800—1960. Both books would be great additions to any library.

DID YOU KNOW?

The first functional sewing machine was invented by the French tailor, Barthelemy Thimonnier, in 1830. Thimonnier's machine used only one thread and a hooked needle that made the same chain stitch used with embroidery. The inventor was almost killed by an enraged group of French tailors when they burned down his garment factory because they feared unemployment would result from this new invention.

DID YOU KNOW?

In the 1850's patterns began appearing in several ladies publications such as Frank Leslie's Gazette of Fashions and Godey's Lady's Book. These early patterns were one size only, so each seamstress had to scale up and alter it to meet her individual needs. In 1863 a New England tailor, Ebenezer Butterick, made paper patterns of a gingham dress designed by his wife Ellen. He graded the patterns so that different sizes could be made. He is responsible for the creation of the pattern industry as we know it today. Butterick then began making shirt patterns and by the 1880's he had several thousand agencies in the U.S. and Canada selling his patterns. He initially established himself in New York, but in 1873 settled in London, on fashionable Regent Street, where his patterns for men, women and children appeared in numerous publications.

BECAUSE WE CARE

Is there someone you feel the Wichita ASG Guild needs to remember with a card. Like someone we need to send condolence to or a card for a serious illness, or recovering from surgery? Please notify Ruby Chrisco at 788-0807 and she will send a special card to them in behalf of the ASG Guild. Letting these ones know they are in our thoughts can mean so much. So help us in this matter.
